

Making a Living (and a Life) Doing What You Love

TDE PRESENTER NOTES

WELCOME

The TDE Workshop and Plus process is designed to give people the tools for sustainable progress in living and working with purpose and passion.

WHAT IS THE GOAL OF THIS SEMINAR?

To awaken participants to the power of Life Purpose Dreams and Core Value Passions that will result in a desire to choose and continue afterwards to do one or more of the following:

- 1) Commit with a peer or group to embrace S.E.A. for making exponential Purpose/Passion progress
- 2) Hire a coach who will accelerate their personal development
- 3) Become a Licensed Presenter for the above.

WE ARE DEFINING SUCCESS IF YOU HAVE SEEN A 50% SMART GOAL COMMITMENT TO ANY OR ALL OF THE 3 KEY GOALS LISTED ABOVE.

Remember: It is not only the quality of your presentation that we are looking for but the follow up for coaching or training for sustainable change. We want a movement, not a moment. As good as you make the presentation you must be passionate about motivating them to a great follow through of integrating these principles and methods in their personal and work life.

How to Begin TDE Well

You have 7 minutes to raise the expectations that this will be a “Lifeforming experience”! How will you do it?

By doing all of the following in 7 minutes or less:

1. Share a story that represents your PASSION for why you are here

2. Share a story that represents how others who took this seminar or this have been transformed

3. Give them some brief “What ifs”; i.e. what if this seminar gave them a key to Making a Living doing What They Love, or Finding Work that matches their Passion and Purpose.

KEY FACTOR = YOU: Your level of authenticity...Your level of expectation and enthusiasm...Your level of focus and passion...all of this will create a context for a sustainable breakthrough in the participants

Key feedback we want you to receive is:

- “Yes, this was just what I needed to break an unhealthy work attitude pattern!”

- “I was amazed how quickly I was able to help someone have an insight.”

- “I know this will translate into more enthusiastic staff meetings.”

What is the feedback we least want to hear from those who attend?

- “This was kind of boring.”

- “The presenter talked too much.”

- “I did more listening than interacting.”

- “Too much energy was coming from the platform rather than from floor.”

- “The pace was too slow.”

- “There was little room for feedback, questions, or interactions.”

- “The presenter did not really connect with me in my world.”

General Principles

- 1) There is no “cookie cutter” approach to presenting these lifeforming principles and activations; every group will require some adjusting as you go.
- 2) There is no “one size fits all” approach to every group who receives these lifeforming materials; illustrations should be tailor made to the context.
- 3) There is no formula for success apart from your willingness to flex your approach and go with where the group is giving the most energy.
- 4) There is more material provided here than you can possibly use in order to give you choices on what you need to emphasize to make the greatest impact.
- 5) It is not required for all of these pages in the participant’s manuals to be fully covered in this seminar; it is great reference for review and reflection afterwards.
- 6) Debriefing and feedback from the interactions is a major key to move this from a typical seminar to transformational learning experience.
- 7) Your attitude and affirmation will create a safe learning environment that allows others to step outside their conversation patterns and learn important skills.

Summary: Steward the Energy Flow

10/10/10 = Ten minutes from the presenter, ten minutes’ reflection time, ten minutes from participant’s interactions is a general guideline to insure FULL ENGAGEMENT by all. Watch for those who finish each exercise early and be sure they stay engaged while others are finishing. Do not let the slowest table dictate the pace. It is your key role to set the pace and to keep the flow.

Technical Needs

- 1) Computer, data projector, and screen
- 2) Manuals, workshop evaluation sheets, and mailing envelope
- 3) Pencils, flexible seating for group discussion, break time refreshments
- 4) Name tags, registration table for collection of money
- 5) Display table of Lifeforming materials and promotional literature
- 6) Assistance so presenter can focus on the people and the process

INTRODUCTION

**“Why I must have this experience at this
time in my life”**

key: 1-3 True	This course will be one of your
best investments.	
4-6 True	This course will transform your approach
to life.	
7+ True	This course will become part of your
calling to others.	

Have them take the work-book quiz.

It is really important that this Introduction sets a Kingdom context for Dreams/Purpose. Most all of our dreams have us at the center of fulfilling them; even God sized dreams. There is nothing sinful or wrong about that. It is part of our creative destiny to see ourselves in our promised land.

The reality is that the Kingdom of God is always advancing; “Of the increase of His government and peace there shall be no end”; while our role in the center of God’s dream may be a limited stage appearance; “He must increase and I must decrease.”

So we want people to pay attention to God’s purpose, knowing that the envisioning of that in their life is both important and necessary, while limited to the vapor that our lives play out.

SESSION 1 Notes:

(Page 8 manual)

Slide 16 Video: Field of Dreams: If You Build It He Will Come HD YouTube 0:09-1:55

Emphasize that the key is: We have a part to do to prepare ourselves and our expectation that “He” will come, not “They” will come. He, is the Dreamgiver.

NOTE: Remember the goal is for post workshop success by nurturing their “field of dreams” that is only being discovered or planted here.

Slide 19 (pg. 9-11 Manual) TIME LINE

This activation is to help people get a perspective on “Purpose Moments” that have already happened to them through key experiences in their past. This shows that God’s purposes run deep and long and it is easier for some to see it in their past than to envision it in their future.

Look for some “ahas” here as they share insights in their small groups.

Discovering Present Field of Dreams

NOTE: After they fill out what they need to nurture dream awareness and Focus you can do a quick interview to see what some have said.

Slide 20 (pg. 12-14 Manual)

Interviews demonstrating the creativity for the role of “place” as “portals” of an open heaven.

SESSION 2: Renewing your FOCUS on your Dreams

Slide 27 Video (pg 16 Manual) “Celebrate What is Right” (from 5:30-9:01) Part 1

Key Phrase: “It was always there if I was open enough to see it.” Key is an openness to see what God is up to in and through us. An openness to the creative work of the Holy Spirit. Give an illustration of your own openness that allowed you to see your purpose or passion in a clearer way. **Large Group Debrief**

Slide 28 Video “Celebrate What is Right” (from 13:10-17:31) Part 2

Key Phrase: “When I weave, I weave.” Reflect about the Power of Focus in your life so that enables you to pursue your dreams and passions and the ways you have to recover that Focus that work for you.

Slide 29-33 (pg 16-18 manual) 4 QUESTIONS

Slide 34 Video “Celebrate What is Right” (from 18:31-21:10) Part 3

Key Phrase: “Go public with your dream/passion and you will never know what will come from it.” Share an unexpected favor or resource or surprise

that came to you because you went public and began sharing your dream/passion.

Page 18 Manual Read Jessica's letter in Resources

A letter that honors playing our Bigger Game of Life

Share your paragraph that describes a day or a week in your life in the future that includes the above reflections. Write it as if someone was following you throughout your day or week and taking notes or taking snapshots of your life living out those descriptions. This will give them an idea on how to do this reflection.

Be prepared to move around the room to help anyone who is stuck. This is not easy for some.

AFTER THE BREAK

Slide 60 VIDEO Nick Vujcic “Something More Music Video” YouTube

Key: Despite Circumstances Beyond our Control we can find our deepest passion and purposes by helping others find HOPE in their own difficult circumstances.

Be careful here to not move too quickly into the next session as people will be moved and may want to express something publicly that you may want to facilitate in the moment.

Slide 61 pg. 24 Manual and Core Value Assessment in Resources

GROUP DISCUSSION pg. 25 Manual

Share your answers to the three questions above with your group members. Listen to the “fire in the heart and voice” of those sharing. How can you tell if this really matters to them?

KEY: You, and other helpers you may have with you, will need to float around and listen to some share in the group discussions. You can pin point where you are picking up the “fire in the heart and voice” as an example of

what to listen for when you are
“Listening to what really matters.”

**Slide 62-64 Does \$ matter (pg. 26-27
Manual)**

Key: This is uncharted territory for some presenters but it is a key link to stay Focused and Fired on the pursuit of our Purpose and Passion. Though some presenters are competent and comfortable presenting live, some may want to give the video presentation on anything to do with Finances due to what may or may not be working for the presenter in that part of their lives in this particular season.

Warning: Licensed Presenters may not use this workshop to promote a business opportunity that Lifeforming is not aware of or has given its approval to do so. Though there are many good things now and in the future to help people financially, Lifeforming will not jeopardize the Trust we have built up over the past 18 years of business when people associate our name with a product or business that we have not vetted.

Slide 65 BREAK

**Slides 66-72 Your Anointed Difference
Assessment (manual pages 28-32)**

NOTE: This is an important part of our Passion understanding by discussing the spiritual side that Christians have access to and should embrace. However, not every presenter will be comfortable or competent in the way this is expressed in this session. If

so it is recommended that the video of this presentation be shown.

Presenters may request to present this in a way that works for them by requesting Lifeforming to approve any substitute slides or pages that correspond to that denominational or cultural emphasis. This is done to honor any church or group's particular emphasis that is held important to them.

Slide 73 VIDEO The Bear movie clip of Cougar Scene

Key: Set this up that our declarations are of Who we are and Whose we are and will cause the enemy or our Dreamfire to back off. Right after this clip have people stand to make their Declarations from the workbook or make them at their table. (pg. 32 manual)

DREAMFIRE EXPERIENCE
SESSION 4:

Slide 77 VIDEO: The Pursuit of Happiness (5/8) Movie Clip-Basketball and Dreams 2006 HD YouTube (0:00-1:44)

KEY: Give a personal illustration of how the “childhood tapes” have resisted your ability to live and dream a bigger life.

Slides 79-87 The Resistance Within

KEY: Have everyone read all the slide out-loud together, or one table at a time, or one person per slide. The sound of these phrases is important to the impact, verses the site only of these phrases.

Slides 92 VIDEO Sun 2 Radiating Possibility (7:45-8:45)

KEY: If we wait to move into our Purpose/Passion pursuit until we are not bothered by the “voices” we will never get off the launching pad. The key to is step right across the line and into those fears that these voices evoke and then and then only will we see that the “wizard of Oz was behind that screen after all”.

Slide 93 BREAK

Slide 94-115 The Résistance of my Limited Resources

NOTE : Materials in this section have been proven in the field before presented to audiences. Because the CEO and founder has used the Debt Reduction system for 3.5 years there is a confidence in it. Presenters who have not had this track record personally can present

this video presentation in this section and get personal stories from Lifeforming to use in this seminar.

Since the Dreamfire Incubator presentations are all on recorded video they can be presented either on-line or on-site at any live workshop of TDE.

Slide 117

Slide 119 VIDEO “I Can Carry You” Lord of the Rings HD YouTube

Key Phrase: “I can’t carry it (the Ring, the Dream) for you, but I can carry you.”

Key: Tell a personal story in your life where the Community of Dreams (Fellowship of the Smoke) made the difference for you or someone in the group in carrying you on your Dream/Purpose/Passion pursuit.
